

USB_DEVICE/App/usbd_storage_if.h

```
graph BT; A[USB_DEVICE/App/usbd_device.c] --> B[USB_DEVICE/App/usbd_storage_if.h]; C[USB_DEVICE/App/usbd_storage_if.c] --> B;
```

The diagram illustrates a file dependency structure. At the top is a header file, `USB_DEVICE/App/usbd_storage_if.h`, represented in a grey box. Below it are two source files: `USB_DEVICE/App/usbd_device.c` on the left and `USB_DEVICE/App/usbd_storage_if.c` on the right, both in white boxes. Two blue arrows point from the top of each source file box up to the header file box, indicating that both source files include the header file.
